Commercial Permitting

When permitting for a commercial building, there may be other permits involved that require a separate permit. They include but are not limited to the following:

- Retaining Walls
- Hood systems
- Fire alarm Systems
- Fire Sprinkler Systems
- Site lighting
- Dumpster Enclosure
- Commercial Pools

If there are any questions regarding these permits or any other permits not listed above, please contact the Planning & Zoning Department at 352-394-4083.
