Why Take the AARP Smart Driver™ Course?

The AARP Smart Driver™ Course is the nation's first and largest refresher course for drivers age 50 and older. The course is designed to help you:

- Update driving skills and your knowledge of the rules - and hazards - of the road.
- Learn about normal age-related physical changes and how to adjust your driving to compensate.
- Reduce your chances of receiving a traffic violation, getting into an accident, or becoming injured.
- Get an insurance discount. Auto insurance companies in most states provide a multi-year discount to course graduates! (Some states may have restrictions on accepting an online driver improvement course for insurance discounts. Please consult your insurance agent for more information about discounts in your state.)

After completing the course you'll receive a certificate of completion that can be presented to your insurance agent for a possible reduction in your auto insurance premiums.
